

New Neighbor Information

The Guilford Association makes an attempt to call upon new residents and introduce them to the community. To be certain that we can communicate with residents we ask that you provide us with contact information by filling out and returning the below questionnaire. It is essential that the Association and Securitas, our contract security company, have contact information for all Guilford residents. The information will remain private with the Association and Securitas and is used to contact you if there is a problem at your home. The email addresses will enable us to notify you of security alerts and other important Association news.

The information can be provided online and returned as indicated or alternatively, the form should be filled out, printed and mailed to the Association's management agent at the address found on this site.

Name or names of principal residents _____

Address _____

Home Telephone # _____

Cell # _____

Work or other emergency # _____

Email address _____

If the property is rented, please provide the above contact information, both for the property owner and the current occupant.
